

## Dolomites – White Italian Magic

Allow us to show you an Italy none else can: experience gourmet food, winter sports and medieval castles – all while surrounded by the raw natural beauty of *the Dolomites*. Our local guide will give you access to opportunities normally unavailable to the public.

For those who seek Elegance, Authenticity and a dash of Adventure – this journey is for you.

- Dine at our Michelin-starred partner restaurants *El Molin* and *Malga Panna* and receive exclusive treatment due to our personal relationship with the chefs. Order traditional and innovative dishes from special menus, tour the kitchens and take cooking classes.
- Use your guide as a skiing instructor, driver and general contact person throughout the whole journey. Having grown up as a local, your guide is also sure to open many closed doors.
- Go off-piste skiing with professional athletes – who are normally not for hire – to discover the hidden challenges of *the Dolomites*.
- Stay in an Alpine chalet in the middle of nature and overlook the slopes, or relax at the 4-star *hotel Maria* for access to pools, spas and other luxuries.
- Visit *Trento's* medieval castles, the Renaissance country house *Villa Margnon* and the *Ferrari winery*. Drink local wines with creative food pairings and be blown away by the magic they create for your palate.
- Travel between activities via traditional horse sledding, comfortable snow-cat vehicles or romantic moonlit walks.
- Extend your stay and utilize our connections in Venice. Share stories and stay with old noble Italian families or rent a palace for your wedding or similar social gathering. Visit local Artisans that our guide knows on a personal level.
